Welcome to ROYAL RUGS

Our wool and silk rugs are hand woven and crafted in Nepal by Tibetan weavers using traditional Tibetan techniques to create beautiful, sumptuous, heirloom pieces to treasure for generations.

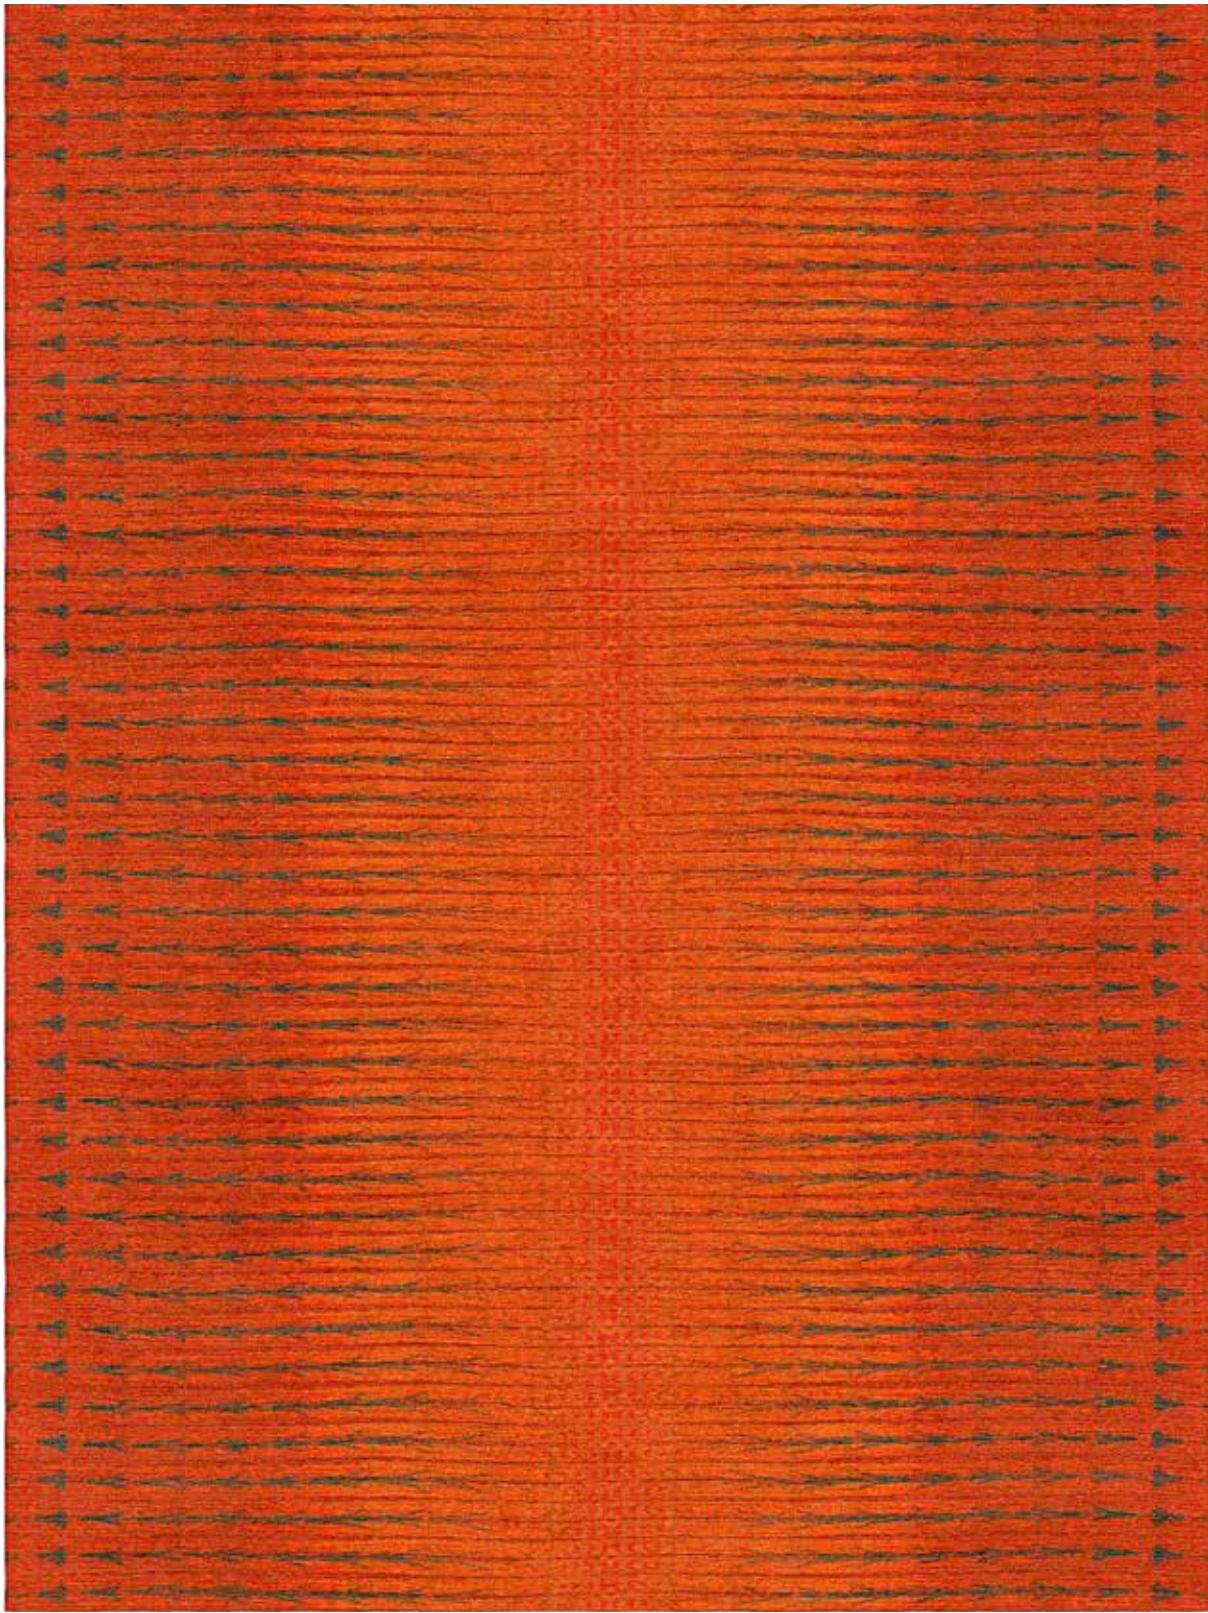

We specialize in custom designs to meet your design needs - from contemporary gradient and organic painterly styles to modern and rustic geometrics to traditional motifs that have stood the test of time.

Please have a look through our select catalog. Perhaps we already have what you are looking for! Or work with our in-house artists to create truly unique pieces that suit your vision. All rugs are made to order for design, color, and size.

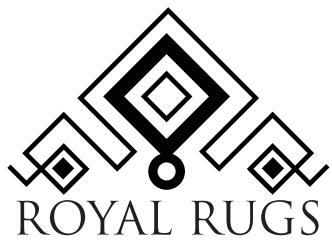

We hope you are inspired by our work, and we look forward to working with you!
